

CORRECTION OF DESIGNATION OF A PRIOR ART PATENT

Applicants note that there is a typographical error in sheet 3 of 4 of the listing of prior art documents submitted with the initial Information Disclosure Statement filed with the reissue application on February 28, 2002. In particular, on page 3 of 4 of the listing of patents attached to the Information of Disclosure Statement, the U.S. Patent No. 5,176,343 for patentee Cheney et al. should have instead been listed as U.S. Patent No. 5,176,313 of patentee Curry et al. The publication date remains the same. A copy of the U.S. Patent No. 5,176,313 is enclosed for completeness. Applicants initially intended to list the U.S. Patent No. 5,176,313 in the pending reissue application Information Disclosure Statement only for the convenience of the Examiner and completeness because it has been cited in the U.S. Patent No. 6,131,806 which is a divisional of the original application for the patent of which the pending application is a reissue application. The claims in that divisional relate to a multi-walled container, not a pouch. However, the U.S. Patent No. 5,176,313 discloses a "carton" structure which is not relevant to the "collapsible pouch" package claims filed in the reissue application and prosecuted to date. The prior art U.S. Patent No. 5,176,313 is therefore not material to the examination of the pending reissue application claims.

Serial No. 10/087,015 - - - - 3

It is believed that the application is now in condition for allowance, and such action is earnestly solicited.

Respectfully submitted,

By: \_\_\_\_\_
